**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

### **Reply Brief**

The Reply Brief filed on January 30, 2009 has been considered. However, the claim amendment filed with the Reply Brief will not be entered. Here, although the Appellant states that the amendment to the claim is an attempt to address or overcome the 101 rejection based on Bilski, however, upon reviewing the said claim amendment, the Examiner notes that the amendment does not address the 101 rejection and that it is simply an attempt to introduce new elements in the claims after the Examiner's Answer was issued. Thus, the amendment will not be entered. Finally, the Application will be forwarded to the Board of Patent Appeal and Interferences for decision on the Appeal **based on the previously filed claims considered during the Examiner's Answer.**

### **Conclusion**
